Decorative Wall & Ceiling Panel Systems

ALLURE • ELEMENTS • IMPRESSIONS

LIMITLESS • ELEGANT • DURABLE

Allure™

Allure is a decorative wall and ceiling system with limitless choices. It combines high pressure laminates or prefinished Veneer with a recycled core. These panels are easy to install, have a slim profile and are green friendly.

Features

Allure offers limitless choices of wood grains, patterns and colors with just a fraction of the weight and cost of traditional materials.

The recycled composite core sandwiched between two aluminum sheets topped with a layer of high pressure laminate (HPL) or prefinished Veneer makes this panel system attractive for a wide variety of applications (i.e. healthcare, education, restaurants, hospitality, corporate and government).

The panels are easy to install and clean, which reduces the cost of installation and maintenance.

This well-balanced decorative wall and ceiling system offers both impact strength and moisture resistance.

Elements™

Elements integrates the latest trends in interior design and ensures a desirable finish when covering ceilings and walls. These green friendly panels are functional and provide creative options for any space.

Features

Painted, brushed or mirrored aluminum finishes deliver a high-end aesthetic with just a fraction of the cost.

The recycled composite core sandwiched between two aluminum sheets makes these panels extremely lightweight and durable.

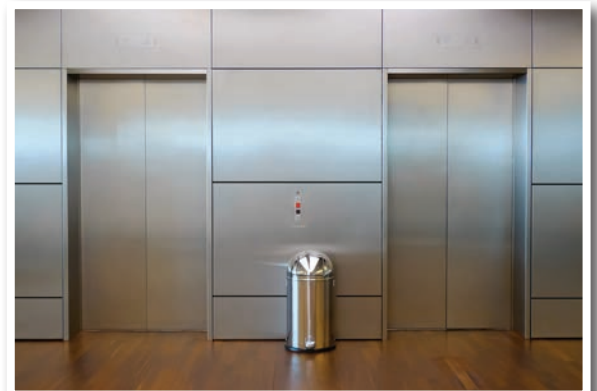

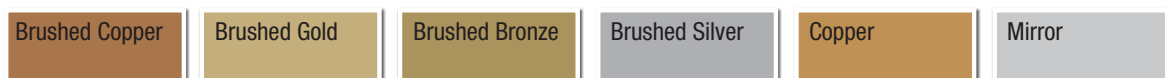

These panels are easy to install and clean.

Impressions™

Impressions panels offer flexibility in design by allowing you to use your own image or artwork to create a large format mural or graphic feature wall. Using a custom UV digital graphic printing process, Impressions panels will add vitality to any new or existing design.

Features

Ideal for adding imagery to a space, enhancing corporate branding and displaying logos.

Available on smooth, seamless interlocking or flat composite core panels.

Impressions panels offer size flexibility and design control.

IT'S ABOUT YOU

At Nudo, it's more about you than us. We are customer-focused and that means you can expect the responsiveness, consistency and solutions you need.

Responsiveness

- With over 60 years of experience, we understand the demands and expectations of the building, architecture, transportation and sign industries.
- Our goal is to make things easy for you, and that means a simple ordering process, fast turn times and our own transportation network that allows us to provide industry leading, on-time delivery on a dedicated truck.
- Our customer satisfaction score is the highest in our industry and a true testament to our understanding that you need answers quickly.

Consistency

- With an on-time delivery rate of 99% and a return rate of less than 0.2%, we stand behind our products and stand firm on 100% customer satisfaction - period!
- We are rated as having the best service in the industry by an independent assessment.
- We know trust is earned and can never be taken for granted. From the first order and every subsequent one after that, you can depend on us to deliver the right product, at the right price, at the right time.

Solutions

- We know that one size doesn't fit all. We address the variables that are inevitably present in any project and use our knowledge to provide you with product options that best suit your needs.
- Couple our wide variety of inner layer options, surface materials, substrates, thicknesses, sizes and colors with our specialized manufacturing equipment and extensive stocking level of raw materials and we can provide custom solutions for just about any panel need.
