RE: Winter Storm Delivery Impact

As I am sure everyone is aware, the major winter storm that has hit much of the U.S., has severely impacted millions of people. The storm has also caused closures, power outages, and transit issues across the industry. This has caused shortages and delays outside of the control of Nudo and our suppliers.

Shipments have also been affected by Transportation embargos, that have been put in place because hubs are at maximum capacity.

Nudo prides ourselves on customer service, and will continue to monitor the situation while also communicating the status of your orders.

We sincerely appreciate your business, and our relationship with you and your company. Our goal, as always, is to bring you the highest quality product at competitive prices, with world class customer service. We thank you for your continued support.

Sincerely,

Shane McNutt
Vice President of Sales
