

# NUDO®

## Wall & Ceiling Panels for Modular/Mobile Medical Facilities

NUDO falls under the classification of our business being “essential” in the supply chain of products to critical markets, including the healthcare industry. We are fully prepared and able to continue the manufacturing of our laminated wall, ceiling and floor panels for modular medical facilities for the COVID-19 crisis. Our panel systems meet the needs for cleanability, durability and functionality.

### FIBERLITE® FRP WALLS & CEILINGS

FiberLite FRP panels are the perfect solution for modular healthcare construction. FiberLite panels are a durable, easily maintained sanitary wall and ceiling panel that are also available pre-laminated to a selection of substrates (NUFIBER). FRP has a NFPA Life Safety Code tested Class A fire-rating and meets USDA/FSIS requirements.

### ALLURE™ WALLS

Allure is a 3mm high-performance wall and ceiling panel that is available with limitless choices for laminate, CeramicSteel or aluminum as a surface finish. These panels are easy to install and have been NFPA Life Safety tested Class A.

### NUALUM™ WALLS & CEILINGS

NuAlum panels feature a smooth aluminum face laminated to exterior grade plywood. These panels provide an easy to clean surface that is functional and easy to install. These panels can also be used as partition walls.

### NUPOLY™ IMPACT ESD FLOORING

NUPOLY IMPACT Electrostatic Dissipative Flooring panels provide superior wear characteristics and are designed to be installed directly to floor joists. Available in tongue and groove or precision square edge machining, these panels provide protection for sensitive electronic devices when properly installed using grounding screws.

### ENDUREX™ EXTERIOR GLAZING PANELS

Endurex is a line of exterior architectural products focused on extending the life of the building. These in-fill/glazing panels offer various finish options to provide design flexibility, as well as insulation options to meet your building envelope requirements.

## FEATURES & BENEFITS

- NFPA Life Safety Code Class A Fire-Rating (FRP & Allure)
- Panels available in Class A or Class C Fire-Rating
- Easy to clean
- Durable
- Moisture resistant
- Ease of installation
- Panels available with insulated foam
- Panel sizes: 4' x 8', 4' x 10', custom sizes available
- Multiple substrates & thicknesses available
- Complimentary aluminum and vinyl trims available

We have inventory in stock, including over 75,000 sheets of raw goods.
